\*Nominee was originally Morris (“Morrie”) R. Preston, a miner who was arrested on trumped-up murder charges during a citywide strike in Goldfield, Nev., in 1907. Preston served 10 years of a 20-year sentence before being released in 1917. He was pardoned posthumously by the Nevada State Supreme Court in 1982.

\*\*Nominee was originally Frank T. Johns, who drowned while attempting to rescue a child from the Deschutes River during an SLP campaign rally at Bend, Ore.

\*\*\*Largely because of restrictive ballot access laws in most of the industrial states, the SLP has not nominated candidates for president and vice president since 1976.
